## NOTIFICATION PRICES

There is still shortage of supply on paper and other material and at the same time the demand is very high. The strike at UPM has made the situation even worse. This means that our suppliers keep increasing the prices and we have no other choice but to follow.

This, unfortunately, means that we are forced to increase our prices from February 28, 2022.

Coated, Uncoated paper	10 %
Packaging	10 %
Design paper and self adhesive	7 %
Envelopes	6 %
Expo	6 %
Other	6 - 10 %

To get more info, please contact your sales representative. For new price lists, contact our customer support or log in to A-store.

We rely on your understanding and look forward to our continued cooperation.

Med vänlig hälsning
